UPCOMING EVENTS

JUNIOR SHOOT: **The JGC, Junior Trap team will be going to the Birchwood Shooting Park to participate in the 2016 Alaska SCTP-YESS State Championship the first full week of June.**

The cost per shooter, including travel, targets and ammo is estimated at $600/entry. Our juniors will be shooting trap, skeet, sporting clays, doubles and wobbles. A week of activities.

If you noticed, a team contribution container has been placed on the club counter. If you could, please donate to the shooting sports clay target future by making a donation to our juniors it will be much appreciated.

Thank you.

WHITEHORSE GUN CLUB TRAP SHOOT; **The Whitehorse Rod & Gun Club, Trap Division, will be holding a 2 day shoot on the first full weekend of June, the 4th and 5th. It will be a 300 targets per day event. For at least 5 years now, members of JGC have traveled north to attend this event. It's the second event of the Alaska Highway Chain Shoot, with our clubs two day event being the first.**

A Whitehorse Club poster has been placed on our chalk board. For more info, call Mal at 789-9025 or chat with him at the club.

JUNE 8TH, PITA MULTIPLEX SHOOT; **On Wednesday, June 8th will be the first of the PITA Multiplex shoots. This is a 50 Singles, 50 Handicap and 25 Doubles competition of gun clubs throughout the west coast.**

Mal Menzies, who "normally" runs these events will be in Fairbanks at the Alaska State PITA Trap Shoot. Mal is looking for a member or members to run this Wednesday's, June 8th evening trap shooting event. If interested, please contact Mal at 789-9025 or at the club.

JUNE 8TH THRU 12TH, ALASKA STATE PITA TRAP SHOOT at the FAIRBANKS GUN CLUB; **This is the 3rd and final event of the Alaska Highway "Chain-Shoot". It is truly a fun shoot that has Alaskans and "outsiders" competing for the Alaska State PITA Championship in Singles, Handicap and Doubles. We have JGC members that have taken**

top shooter in some of the events, that have made the state "all-star team", that have won the State Single or Handicap or Doubles Championship and two current active members that have been High Over-All State Champions. Those present JGC members that have achieved HOA for the state PITA shoot were Jay Davis and Pete Hudson. So come on up and join us in Fairbanks and be the next state PITA champion.

SHOOTING COMPONENT'S; **As many of you have experienced, our club as well as local retail business have in the last few years experienced a shortage of shooting supplies and reloading components. Well that shortage has weaker of late and we have ample supplies of shot; primers; hulls; powder and shells for purchase. With our junior shooters being much more active, thanks to Mark Kampler, Ben Williams, Mer'Chant Thompson; John Joyce and others as well as our "normal" shooters activities, we have shot almost a full 53' van of targets in record time. New targets have also been ordered "earlier" then norm. Let's keep on trap shooting.**

LAWN MOWER NEEDED; **Caretaker Rick Carter is putting out a request for a conventional push (with power assist) lawn mower. Our rider lawn mower cannot make those corners and near object cuts. So f any member has a mower they feel needs replacement at their place and can pass on their old mower to the club, Rick will gladly accept it. Let's keep the club grounds looking great. Thank you.**

PAST EVENTS;

2016 SPRING TRAP SHOOT RESULTS; **For this two day spring shoot held on Saturday and Sunday, May 28th & 29th, the Saturdays event weather could not have been prettier anywhere in Alaska. THANK YOU PARTICIPANTS; **JGC Directors thank all the participants for both joining in the fun and helping put this two day, "last days of spring" tournament on. Special thanks to all that helped in the tournament by scoring, loading trap carrousel's, setting or adjusting the target flights and all those little things that make a tournament something special. Special thanks to caretaker Rick Carter and junior shooters Brice Norton and Garret Hermann for loading the trap houses with the target birds.**

MAY 14TH, REGISTERED A.T.A. TRAP SHOOT RESULTS; **Saturday came as a beautiful spring day for Southeast Alaska with a near clear sky and temperatures ranging from 42*F to almost 70*F. The good weather and poor early fishing brought out 11 JGC members to participate in this great day for shooting.**

Shooting started with the first squad taking their posts a little before 9:30am and continued to almost 3:00pm using 3 trap fields. We shot singles, handicap and doubles. There were no shoot-offs by choice.
