CLASSIFICATION

16-YARD CLASSIFICATION

Class	(5 Classes)
AA	97.00% and above
A	94.50% - 96.99%
B	91.50% - 94.49%
C	88.50% - 91.49%
D	Under 88.50%

PITA Official Information and Trapshooting Rules, Pages 29-30

1. Except as listed in paragraph (b) below, all male shooters 18 years old or older participating in PITA registered tournaments, shall be classified not less than "B" class until they have shot 500 PITA registered 16-yard targets and earned their classification. Thereafter they will be classed based on their current average. New lady shooters and new male shooters that have not attained their 18th birthday may be classified less than "B" class, at the option of the shoot classification committee, until they have shot their initial 500 PITA registered 16-yard targets. Thereafter, they will be classified based on their current average. No shooter shall be reduced in handicap yardage, singles, or doubles classification during a shoot if it is because they meet minimum target requirements by counting any of the targets shot at that shoot.

2. A shooter joining the PITA for the first time who can demonstrate that they have shot at least 500 ATA registered 16-yard targets will be classified based on their current ATA average. The existence of this rule does not relieve the requirements at Major Tournaments as listed in paragraph (c) below.

3. At Major Tournaments all sub-juniors, juniors, senior and elders who have not shot at a minimum of 300 PITA registered 16-yard targets during the current and previous year combined shall be classified not less than Class "A". All others, including veterans and ladies, must have 500 PITA registered 16-yard targets during the same period of time, or must be classified not less than Class "A".

The class "A" penalty classification applies to tournaments utilizing five (5) or six (6) classes. If only four (4) classes are involved, then Class "B" would apply.

CLASSIFICATION

DOUBLES CLASSIFICATION

Class	(5 Classes)
AA	93.00% and above
A	89.00% - 92.99%
B	85.00% - 88.99%
C	78.00% - 84.99%
D	Under 78.00%

PITA Official Information and Trapshooting Rules, Pages 29-30

1. Except as listed in paragraph (2) below, all shooters participating in PITA registered shoots shall be classified not less than B class until they have shot at 200 PITA registered doubles targets. Thereafter, they will be classified based on that average. After 200 targets are registered, all targets from 300 to 1000 will be included in the progressive average. After the shooter has shot at 1000 PITA registered doubles targets, the last 1000 targets will be used for classification. I

2. A shooter joining the PITA for the first time who can demonstrate that they have shot at least 200 ATA registered double targets will be classified based on their current ATA average. The existence of this rule does not relieve the requirement at Major Tournaments as listed in paragraph (c) below.

3. At Major Tournaments all sub-juniors, juniors, senior and elders who have not shot at a minimum of 100 PITA registered double targets during the current and previous year combined shall be classified not less than Class "B". All others, including veterans and ladies, must have 200 PITA registered double targets during the same period of time, or must be classified not less than Class "B".

The class "B" penalty classification applies to all tournaments utilizing four (4), five (5) and six (6) classes.

SHOOTER RESPONSIBILITY

AN ERROR AT CLASSIFICATION TABLE DOES NOT RELIEVE A SHOOTER OF THE RESPONSIBILITY OF A CORRECT CLASSIFICATION, YARDAGE ASSIGNMENT, OR CATEGORY ASSIGNMENT.

HANDICAP CLASSIFICATION

PITA Official Information and Trapshooting Rules, Pages 35-37

4. If a shooter is a member of the ATA and has shot handicap targets in such association in the current or previous year, he/she shall be assigned handicap yardage of whichever association shows the greater yardage. The existence of this rule does not relieve the requirement at Major Tournaments as outlines in paragraphs (6) below.

5. A shooter who at any time has been a member of ATA but has not shot handicap targets in that association during the current or previous year must shoot their greatest assigned yardage unless the shooter has received a PITA target review and been granted a reduction.

A shooter who is a member or has ever been a member of the ATA and is joining the PITA for the first time will be assigned yardage equal to their ATA or other trapshooting association yardage.

6. At Major Tournament, all shooters who have not shot at the below listed quantity of PITA registered handicap targets during the current and previous year combined shall be assigned yardage as follows:

Category	Quantity of PITA Targets	Minimum Assigned Penalty Yardage
Sub-Juniors	500	22 Yards
Juniors	500	24 Yards
Ladies	500	22 Yards
Veterans	500	24 Yards
Seniors	500	24 Yards
Elders	500	24 Yards
All Others	500	24 Yards

ATA Handicap Targets may be substituted to satisfy this minimum target requirement at the 2024 PITA Fall Classic.

8. It will be the responsibility of the shooter to notify the handicap committee if they hold or have held a card of another trapshooting association. Failure to notify the handicap committee of other trapshooting cards may be cause for penalty action resulting in forfeiture of entry fees and all monies and possible suspension from all PITA shoots for one year.
