REGISTERED TRAP EVENT RESULTS

On a late November Saturday morning in Alaska, you'd expect snow! Not in Southeast Alaska's rainforest. We had rain in Juneau that you'd think the five JGC participants were in Ketchikan. It not only rained, but it rained **HARD** with temperatures in the mid 30°F, making it a **COLD** rain. It not only was "*cold and rainy*", it was **DARK!** It was so dark, we had to have our outside stadium lights on.

Never the less, we shot a 300 bird PITA event with ATA cross registration permitted. (Maybe we all just wanted to lower our averages!) The scores in order of our events are;

SINGLES; 5 ENTRIES; HARD RAIN: "B" Class; Mal Menzies, 90/100 (event & class winner); Fred Wilson, 86/100. "C" Class; Mer'Chant Thompson, 88/100 (class winner); Robert Gregg, 81/100 and Wayne Bertholl, 77/100.

HANDICAP, 5 ENTRIES, HARD RAIN: Short Yardage; Mer'Chant Thompson, 80/100 (event & class winner); Fred Wilson, 77/100; Robert Gregg, 73/100 and Wayne Bertholl, 70/100: Mid Yardage, Mal Menzies, 71/100.

DOUBLES, 5 ENTRIES, RAIN: "C" Class; Mal Menzies, 74/100 (event winner); Wayne Bertholl, 66/100; Robert Gregg, 64/100; Fred Wilson, 63/100 and Mer'Chant Thompson, 62/100.

HIGH OVERALL, Mal Menzies, 235/300 = 78.3%: RUNNER-UP, Mer'Chant Thompson, 230/300 = 76.7%

The Saturday trapshooters that participated, but did not want to go back out in the rain for a historic photo, are, left to right: Robert Gregg; Wayne Bertholl; Mer'Chant Thompson; Fred Wilson and Mal Menzies.
