## Request for Excused Absence for Sports Activity

My student is a member of the Pacific International Trapshooting Association, the largest clay target shooting organization in the western United States and western Canada. Numerous events are held throughout the year within this large area. Competition for the year is based on the shooter's averages, with at least a minimum target total for qualification for the All Stars. Competition within the sport is challenging and rewarding to those that participate, especially among youth participants. Scholarships are awarded to high scoring students during State/Provincial shoots and to All Stars.

As in many youth sports, trapshooting requires practice, and in order to compete, may require traveling. I request that my participating student be excused from class when tournaments are a distance away and/or are several days in length. (State and Provincial Championship events are usually 4 - 5 days in length.)

Please excuse \_\_\_\_\_ to participate in the event \_\_\_\_\_.

Dates: \_\_\_\_\_.

We will contact the teacher(s) for a list of make-up assignments from our student's teachers.

Parent/Guardian: \_\_\_\_\_ Date: \_\_\_\_\_
