Idaho shooters had 28 “hits” on Lewis Class Cash Pay-Offs in December.

Well, that wraps up the PITA shoot results for the end of the calendar year. It was quite a “different” year for registered trapshooting. Because of good cooperation between the clubs and the State Association, we only lost one shoot that was on the original 2020 target year schedule. We had to move some locations and reschedule some dates, but thanks to all the shooters who came out and supported the shoots, we were able to come out with a very successful year.

If you haven't given the Multiplex shoots a try, you are invited to do so. They help support the clubs and they give you something to look forward to each month.

They are held the first **full** week of each month. Check with your local club or the State Association for more information.

Finally, don't forget that Covid has had a serious impact on the income of gun clubs this past year – stay safe, but support them by shooting leagues and practice when you can. We all hope that 2021 will be a “more normal” year and that we can get back to shooting without the restrictions that are necessary now.

Best wishes from the Idaho PITA and remember!
