

## William Edward CROSBY (Bill)

November 26, 1936 - June 21, 2023

It is with much sadness we announce the passing of Bill from acute kidney failure with the assistance of MAID on June 21, 2023. His family all had an opportunity to say their final farewells to "dad", we know he is no longer in pain and is at peace. He is survived by his wife of 43 years Doreen, former wife Lorraine, Children Debbie (Brian) Burnett, Don (Reena), Doug (Julia), and Steve. Grandchildren Matt (Kirsten), Jackie (Darcy), Jalaena (Martin), Paige, and Nolan. Great grandchildren Blake, Bentley, Kenzie, and Brielle. Predeceased by his parents Ted and Annie, and brother Ed.

He was a self made man and was able to make or fix almost anything. He had a long varied life from working in a fish packing plant, as a professional photographer, autobody man, and finally many years in the Insurance industry retiring from ICBC in 1997. He loved hunting and fishing all his life from childhood onward. He was a competitive rifle and trap shooter winning many awards over the years. He made many friends over the years, too numerous to name but you all know who you are. Much thanks to his doctors, Richard Hay, Victor Huckell, George Lam, and all the staff at Surrey Memorial Hospital who went above and beyond and were so caring until the end.

There will be no service at his request. In lieu of flowers donations to Union Gospel Mission, VGH, or SMH, or a charity of your choice.
