Kevin Waddell Obituary

Kevin Lee Waddell

February 26, 1959 - December 29, 2023

Modesto, California - Kevin Lee Waddell passed away suddenly at age 64 on December 29th, 2023 at Memorial Medical Center after complications following a car accident. Born February 26th, 1959 to Earl and Carol Waddell in Modesto, California, where he was raised, worked, and resided until his passing. Among the many he leaves behind are his surviving siblings, Marvin, Brent, Scott, and Lynn Waddell, as well as their respective families. It would be a disservice not to mention how many friends, coworkers, Old Fisherman at The Club, and Newman Swamp Rats also came to consider him family. He is remembered as good-spirited, hard-working, ornery, clever, competitive, and having a strong sense of personal ethics. He loved trap shooting, bowling, collecting, and his first question was always "Where are we going for breakfast?" In his professional life, he was a designer in the Civil Engineering field, a business partner, and a force, some say. He

started at Tawalimni Engineering in 1976, moved to Mid-Valley Engineering in 1979 where he worked as an Engineering Designer, and started Associated Engineering Group with a Few partners in 2002 where he worked for 22 years, completing hundreds of successful projects, influencing the culture of engineering in the area, and making himself truly irreplaceable. He will be remembered as such by friends, family, and professional connections alike. A service celebrating his life and impact is forthcoming. Published by Modesto Bee on Jan. 14, 2024.
