**THE WASHINGTON STATE PITA**  
**Welcomes you to the**  
**2025 WASHINGTON STATE CHAMPIONSHIPS**

I would like to personally thank you for considering attending our 2025 WSPITA State Shoot Championships this year. Just a few years ago we were on the brink of no return. However, today, we are not only financially sound, but the Washington State Shoot has had continual growth in attendance year after year since 2023.

I'm honored to be this year's WSPITA President. We would have never made it this far without our fantastic board members, the unwavering support of our sponsors, and most importantly, our fellow loyal shooters.

In order to honor our shooters we are trying to make the 2025 WSPITA State Shoot one to remember. We have increased the added money, more trophies, higher quality trophies, rings, silver, and even another BT-99 to make this one of the best State Shoots on record. We've included more fun events, like the 50oz silver team event, to help give back to the shooters. We also wanted to continue the BT-99 Shootout that was a big hit last year. We are always trying to think of new ways to keep shooters front and center, while making sure we are financially responsible so future generations can enjoy the great sport of trap-shooting, a sport that has given so much back to me.

Thank you again, and I hope to see you at the shoot. If you have any questions, don't hesitate to reach out.

Good Luck Shooters!

Jeremy Gustafson  
WSPITA President

Shooters, Guests, Vendors and Visitors,

Evergreen Sportsmen's Club is excited to you back for the 2025 WSPITA Championship State Tournament.

Our Staff, our Volunteers and our Board are all excited to work side by side with WSPITA to make this another amazing event.

We have had a small changing of the guard since the State last year. Both Ron Hull and Joel Ball have stepped down from the Board, but are still very involved with ESC to help make sure these events will run smoothly. Their work in years past to secure ESC as the place to be for events such as these will help us continue to provide an amazing event for you to enjoy.

Scott Davis also retired after 15 years of being our operations manager. We have filled his spot with Jeremy Snider, who we lured from the Spokane Gun Club. Jeremy is doing an excellent job of filling Scott's shoes and we hope you will see some improvements when you visit us. Even better is we are working with Scott to have him be around for the State shoot to help make sure that everything is done to the level that you expect!

If you are a vendor, please reach out to me asap to make sure I can reserve you a space for you to sell your wares.

While we are upgrading our electrical systems, we still need to make sure you are aware that air conditioners can only run off of generators. Please do your part to keep our system (and the traps) online. We also ask that you only park in your designated and reserved space. All RV Reservations are to be made via our online reservation system: <https://www.campspot.com/book/shootevergreen>

We are all looking forward to being your host for another amazing event!

Dan Solie  
President - Evergreen Sportsmen's Club

### Free Team 50oz Silver Shootout **Sponsored by FrontLine Fire and Flood**

**This will take place on Friday the 11th, for the Sportco handicap.** Those shooters that have experience with the Big Yak Blanket shoot will be familiar with how it works. Teams of 5 shooters will be made by luck of the draw. The team of 5 shooters with the highest combined scores for Event 7 will win a total of **50oz of silver! That is one, 10oz silver bar, per team member!**

### \$10 Option BT 99 miss and you're out shoot off **sponsored by Sportco!**

**This will take place on Friday the 11th, following the Sportco/HA Bales Handicap and is a \$10 option.** We will draw a number out of a hat 0-9. This drawing will take place after the day's handicap is concluded. Based on the number drawn, an example being a number 8 being drawn, any shooter who broke a 58, 68, 78, 88, 98, etc. would qualify for the shoot off. This shoot off will take place at the end of the day, and will be conducted at each shooter's yardage. Miss and you're out, last shooter standing wins the gun! \*\*PITA rules apply to shooter's shells and loads.

### \$10 off per event for JR and Sub-JR Shooters!

Entry fees will be in U.S. currency, American check or Canadian check in U.S. funds (NSF fee \$35.00). A \$5 pre-squadding fee will be paid at registration at the shoot. Shooters requesting squad changes after the shoot begins will pay a \$10.00 change fee.

**Refunds** – No entry fees, purses or options, will be refunded after an event has started.

**Payoffs** – **All** payoffs will be paid by check and mailed to shooters after this shoot ends. Check event payoff sheets prior to the start of the last event for any questions.

**IRS REGULATIONS** – Before checks over \$599.00 can be distributed, the IRS requires form W-9 to be completed. Please furnish this information to the cashier or the WSPITA Treasurer.

**Three Minute Call** – Be ready to shoot when your squad is called. **The squad will be held no more than 3 minutes, after which time you will need to re-squad.**

Re-squadding will be on the same bank as the original, if possible. Ten (10) minutes will be allowed for gun breakdown.

No shooter will be called on the loud speaker. **STRICTLY ENFORCED!**

**Short Squads** – Short squads will be avoided when possible. A referee will accompany one and two person squads.

**Target Setting** – Targets will be set by the **Target Setting Team** each day according to PITA rules.

**Targets will be reset ONLY if the setting changes present a significant variation. All resetting of targets must be done by authorized personnel.**

**Ties** – All ties in preliminary events will be decided by a shoot off, unless all parties decide to carry over. All Championship events will be decided by a shoot off.

**Shoot Offs** – **One call ONLY.** Contestant must be available at the shoot off table within five minutes after being called for shoot off or will forfeit all rights herein. Look for posting on bulletin board. Any **SUB-JUNIOR (SJ), JUNIOR (JR), LADY (LD), VETERAN (VT), SENIOR (SR), ELDER (EL)** shooter must declare for which trophy they wish to compete for prior to entering into a shoot-off. One trophy ONLY may be won.

**Special Categories** – Prior to shooting each event, if you qualify in any special category, i.e. Sub-Junior (under 15), Junior (15-17), Lady, Veteran (65-69), Senior (70-74), or Elder (75 and older) please check your handicap sheet and score sheets to make certain your name shows the proper symbol for eligibility. Failure to do so within 10 min after the last score is posted will disqualify you from options AND trophies. Must be two or more shooters in a category for a trophy to be awarded.

**Handicapping** – PITA rules govern. It's the shooter's responsibility to show both PITA & ATA average cards to determine handicap yardage assignments. Your PITA card must be complete with all scores entered through the last shoot you attended, with averages computed on the last **1000** Singles and Doubles. Personnel at the handicap table will assist you if necessary. A shooter who is an ATA member, and is joining the PITA for the first time will be assigned yardage equal to their ATA yardage. If a shooter has assigned yardage in both the ATA and the PITA, the greater yardage will be assigned. At State/Provincial and Grand Pacific Championship tournaments, all shooters who have **NOT** shot at the listed quantity of PITA registered Singles and Handicap targets during the current and previous year combined, shall be assigned penalty class and/or yardage per PITA rule book.

## **Yardage & Class Classifications**

# 2025 WSPITA Doubles League

## **WSPITA Doubles League update:**

This year, there will be a change in the calendar for WDL. Going forward, the final WDL event of each year will be at the start of the State Shoot. That way, champions will be determined, and trophies will be awarded at our big event. To make this change, we are having a mini schedule leading up to the 2025 State Shoot, with any clubs having WDL targets from now until July 8, counting as 2025 WDL. Trophies will be awarded to the same classes; it will just be a short extra WDL. After that, going forward, WDL season will start after State Shoot and wind up at the next one the following year. Any club that wants to have a WDL event, please do. The more, the merrier!

## **Rules to qualify for trophies:**

Classification is determined by your beginning average for the year first targets are shot or current average; whichever is higher, including ATA averages if applicable.

PITA 4 class system: A, B, C, D

Must shoot at a minimum of two different clubs.

Must shoot a minimum of eight events (800 targets).

WDL average determined by top eight scores shot

So far for 2025 WDL:

**A Big Thank you to Rusty Bunn and his wonderful family  
for continuing to support the WSPITA and our fellow Trapshooters!**

I was born in Mississippi and grew up in Tennessee and Alabama. My dad taught me to shoot. He gave me my first shotgun at the age of 10. We moved to Seattle in 1973 and have lived here ever since.

My Father, living in Alabama at the time, passed away in 2011. It was then that my brother sent me my father's gun collection. Since I live near Seattle Skeet and Trap I decided to try his guns at the club. I walked in the club and the first person I came in contact with was John Abbott. He showed me around the club and taught me how to shoot Trap. Thanks Johnny!

I went to my first PITA shoot in 2013 and won the Grand Pacific Browning Handicap Championship, well needless to say, I was hooked on trap shooting. I was elected to the WSPITA board in 2015 and served 6 years, 3 as President, 1 as vice-president and 2 as director. That time was very important to me and will never forget it. Trap shooting took a severe hit when covid came into the picture and it is slowly getting back to where it was before. Over the years I have met a lot of outstanding people in this sport and all the youth shooters I have dealt with are very respectful and responsible.

**Thank you for your support,  
Past President Rusty Bunn**

## **Jerry Anguili**

His resume began many years ago, as early as 1947 when he joined the Port Angeles Gun club. The club in the late 60's was in danger of closing, when Jerry and a few others started to open the club under new management. Under Jerry's leadership and sometimes lending money to keep the doors open he started to instruct new shooters and the local high school FFA trap team. His work at the club was to procure and maintain equipment, grounds, and advocate against the highway dept. to route a road thru the property which would have eliminated the facility.

Jerry was also instrumental procuring guns thru the NRA, working with the Clallam sheriff's dept. and Sequim high school for instruction and safe gun handling. Some of his students went into the military to achieve marksman rating, and one was a leader of a Stryker division in Afghanistan and is now a Seattle police officer. Other former students have thanked him for their early instruction in safety and marksmanship.

Jerry's service to the PITA has been a Washington director and president of WSPITA, for 22 years, and PITA executive board as vice pres., treasurer for 4 years, rules committee, and President in 1992. He served as Washington state handicap chairman for 14 years. In addition to the service years, he has also shot over 200,00 targets. In 1980 at the Grand Pacific in Stockton California he was HOA runner up to another 2018 inductee, Dan Bonillas.

Thank you for your service, years and years of dedicated service to the sport of trapshooting!

## A collage of 18 photographs featuring individuals, primarily young men, engaged in outdoor activities. Many are wearing hunting or fishing vests, hats, and safety gear. The photos are arranged in a grid-like fashion, with some larger and some smaller. The subjects are shown in various settings, including outdoors in natural areas, near vehicles, and in group shots. Some individuals are holding awards or certificates, suggesting a competitive or achievement-based event. The overall theme is outdoor recreation and youth participation.

Whether you're a novice or an advanced shooter, having a firm understanding of the basics and fundamentals will certainly enhance your clay target shooting success and enjoyment. Clay target shooting is gaining in popularity across Europe and America, and especially here in the Great Northwest and the Seattle area. Whether it's a small club shoot or a major national tournament, clay target shooting (*in the form of Trap Shooting, Skeet Shooting, 5-Stand, or Sporting Clays*) is something the whole family can enjoy doing together!

Men, women, and kids of all ages are getting hooked on the thrill and excitement of going out to their local gun club for a fun afternoon of turning clay targets into chips and dust balls. I can provide you with a clear understanding of how each of the target games are played, and how to enjoy shooting them safely, correctly, and with success right from the start.

Again, having a solid foundation in the basics and fundamentals of shooting clay targets will certainly ease that first-time intimidation or frustration you may have. If you want to get the most out of your shooting experience, both in the field or on the range... let me help you! Just give me a call.

From start to finish we are transparent and informative about our process.

**We will walk you through the insurance claims process every step of the way, there will be no sidebar conversations with your Adjuster to find ways to cut corners on your home to keep things cheap for your insurance company. We guarantee zero out-of-pocket costs on any covered claim other than your deductible period!**

# **G-Squared® REDUCE RECOIL** with the patented **SHOCKMASTER®**

*Sliding comb recoil reduction system*

**G-SQUARED HAS MOVED!**

We are now located in Post Falls, Idaho, near Coeur d'Alene and Spokane, Washington. Please see our website for exact address. Our phone number has NOT changed!

The Most Effective Recoil Reduction  
System in the World!

*The most accurate  
& precise recoil  
reduction installation  
work available today!*

**Starts at \$945** *(most shotguns)*

- Will fully return before you can squeeze off a second shot, without a 'bounce effect', making it ideal for doubles.
- Typically less than 3 ounces added weight (plus 2-3 ounces for the optional adjustable recoil pad). G-Squared will weigh and report weight change upon request.
- Won't easily pre-collapse like many hydraulic based systems, no "magnet lock" necessary.
- Reduces the peak force on the recoil curve by 70% or more - always did, always will!
- Air Cushion™ recoil reducer (Patented)
- Air Pressure adjustment without disassembly, so you can quickly adjust it to your shooting style and mount.
- This system is lighter in weight than its competitors, and because it uses air is also softer than its competitors and is extremely durable and dependable.
- Installer/owner personally does all work and has Over 30 years in the business! Product introduced by G-Squared in 1988!
- Conversion from field to parallel comb, Monte Carlo stock available, often at no extra cost
